

# multiply tiers of engagement

---

## ➤ JOIN OUR EMAIL LIST

Our email list is a great way to hear about upcoming events, planter highlights, prayer points, resources and more! Email us at [multiply@foursquare.org](mailto:multiply@foursquare.org) to get added to our email list and start receiving our Multiply Monthly.

## ➤ ONE TIME PARTNERSHIP

There are many small ways that pastors, leaders, and churches can partner with church planters and make a big impact! If you are interested in supporting planters by being a one-time partner – whether that is through prayer, resources, or finances – we would love to get you partnered with planters in your region, district, or across the US. You can connect either directly with your regional catalysts or with our team at [multiply@foursquare.org](mailto:multiply@foursquare.org).

## ➤ AREA PARTNER

Area partners are a huge relational support system to church planters. They are strategic leaders that make up a planters advisory team for their two-year training process. They connect with the planter quarterly as a team and commit to praying and caring for the planter throughout the year. If you are interested in serving as an Area Partner for a planter or getting more information let us know at [multiply@foursquare.org](mailto:multiply@foursquare.org).

## ➤ SENDING PARTNER

Sending partners are the main covering for planters! They are invested relationally, spiritually, and financially in the success of the planter. If you have a leader you are looking to plant or if you would like to "adopt" a planter without a sending church we would love to talk more at [multiply@foursquare.org](mailto:multiply@foursquare.org).

## ➤ FINANCIAL PARTNER

Another way that leaders and churches can partner with planters is by being a part of funding the plant! If you are interested in financially partnering with a church plant we would love to connect you with a planter in your region, district, or across the US. Email us at [multiply@foursquare.org](mailto:multiply@foursquare.org)
